

Bringing more than 35 years of nuclear experience to his job, Michael B. Sellman is President and Chief Executive Officer of Nuclear Management Company (NMC). He joined Wisconsin Electric Power Company, owner of the NMC-operated Point Beach plant, as Senior Vice President, Nuclear Power Business Unit, and Chief Nuclear Officer in 1998. He previously was Vice President of Operations of Entergy Nuclear, Inc. and served as President of Maine Yankee Atomic.

Sellman was hired by Entergy Operations, Inc. in 1993 as General Manager, Arkansas Nuclear One. Later that year, he was named General Manager, River Bend Nuclear Plant, and in 1996 he became Vice President of the Waterford Nuclear Plant.

Before joining Entergy, Sellman held various positions with Northern States Power Co. between 1974 and 1993. From 1969 to 1974, he served in the U.S. Navy in the Division of Naval Reactors after being qualified in submarines in 1968.

Sellman earned a Certificate of Completion from the Bettis Reactor Engineering School, Westinghouse Bettis Atomic Power Laboratory in 1970. In 1976, he received his Senior Reactor Operator's License.

He earned a B.S. degree in physics with high distinction from the University of Minnesota in 1969. In 1973 he received an M.S. in nuclear engineering from Catholic University and in 1987 he earned a certificate of completion from the Kellogg School of Business, Northwestern University.
