

LIST of FACULTY WNU School on Radioisotopes 2010

Lecturers

- **Al-Quaradawi, Ilham**
Professor, Physics Department, Qatar University (Qatar)
Subject: Setting up RI Production and Application Programmes
- **Bom, Hee-Seung**
President of the Korean Society of Nuclear Medicine (S. Korea)
Subject: Human Health
- **Bonet, Henri**
Former CEO of the National Institute for Radioelements (Belgium)
Subject: 1) Safety, and 2) Nuclear Power and its Renaissance
- **Chemaly, Carlo**
International expert on trade and management (Belgium)
Subject: 1) Socio-economics of RI Production and Application Programmes, and 2) Communication & Networking
- **De Villiers, Van Zyl**
General Manager, Research and Development, NECSA (South Africa)
Subject: 1) Production of Isotopes, and 2) Role of Reactors and Accelerators
- **Dondi, Maurizio**
Head, Section of Nuclear Medicine (IAEA)
Subject: Human Health
- **Easey, John**
Australian Nuclear Science and Technology Organisation (Australia)
Subject: Industrial Process Management Support
- **Gonzalez, Abel J.**
ICRP Commissioner, Member of UNSCEAR, Senior Advisor to the Nuclear Regulatory Authority in Argentina (Argentina)
Subject: 1) Radiological Protection, and 2) International Safety Regime for Radioisotopes
- **Gorlin, Serge**
Writer & Analyst, World Nuclear Association (United Kingdom)
Subject: Packaging and Transport of Radioactive Material
- **Ido, Tatsuo**
Executive Director, Japan Radioisotope Association (Japan)
Subject: Decontamination, Waste Management and Decommissioning
- **Lee, Jaiki**
Professor, Dept. of Nuclear System Engineering, Hanyang University (S. Korea)
Subject: Radiation Metrology and Dosimetry
- **Lee, Myung-Chul**
Professor, Department of Nuclear Medicine, Seoul National University (S. Korea)
Subject: Human Health

- **Na, Seong Ho**
Senior Advisor, Korea Institute of Nuclear Safety (S. Korea)
Subject: 1) Safety, and 2) Quality Assurance & Quality Control
- **Ponsard, Bernard**
Reactor Physicist, Radioisotopes Project Manager, BR2 Reactor, SCK.CEN (Belgium)
Subject: Production of Isotopes
- **Ramamoorthy, Natesan**
Director of the Division of Physical and Chemical Sciences (IAEA)
*Subject: 1) Setting up RI Production and Application Programmes, and
2) Role of Reactors and Accelerators*
- **Su, Fu-Min**
Radiation Safety Officer & Radiochemistry Manager, Advanced Medical Isotope Corporation (USA)
Subject: Quality Assurance & Quality Control
- **Waltar, Alan**
Former Head of the Dept. of Nuclear Engineering, Texas A&M (USA)
Subject: 1) Nuclear Techniques for Sustainable Use of Natural Resources and Environmental Protection, and 2) Knowledge Management

Mentors

- **Bonet, Henri**
Former CEO of the National Institute for Radioelements (Belgium)
- **Chemaly, Carlo**
International expert on trade and management (Belgium)
- **De Villiers, Van Zyl**
General Manager, Research and Development, NECSA (South Africa)
- **Eun, Young-Su**
Former President, Korea Institute of Nuclear Safety (S. Korea)
- **Waltar, Alan**
Former Head of the Dept. of Nuclear Engineering, Texas A&M, Author of "Radiation and Modern Life" (USA)

Distinguished Speakers

- **Burkart, Werner**
DDG and Head of Department of Nuclear Sciences and Application, IAEA
- **Gheeraert, Marc**
President, Association of Imaging Producers & Equipment Suppliers (AIPES)
- **Kang, Chang-Sun**
President, World Council on Isotopes (WCI)
- **Paterson, Adi**
President, Australian Nuclear Science and Technology Organisation (ANSTO)
